Purpose and use

Plan five classroom jobs, rotate fairly and review accessible participation.

Teaching notes

Use names only within your normal school arrangements; no upload or online record is needed. Rotate contributions fairly.

Do not assign cleaning chemicals, moving heavy items or other hazardous work. The examples are suggestions, not a safety assessment.

Answers / suggested responses

Teacher planning sheet. Check participation and accessible alternatives rather than allocating jobs only to the most confident pupils.

A job can be shared, adapted or declined where unsuitable. Review practical supervision and local school arrangements.

Print and adapt

Print the pupil page only if you do not need these notes. Use A4 paper. Provide appropriate help, access tools or a spoken response where useful. Suggested year or grade ranges are starting points, not a statement of curriculum alignment.
